THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR

WEDNESDAY, AUGUST 17, 1870.

OUTRAGE UPON MR. TURNER AND OTHERS!! HOLDEN AND HIS CLIQUE DOING THEIR WORST!! (FROM GRAHAM.)

We learn from undoubted authority, that on last night, Hon. Josiah Turner, Jr., Sheriff Griffith and Mr. Wiley of Caswell, who, with the other arrested parties had been kept in the Court House at Graham since their removal there, *were taken out of the Court House by Kirk's men and locked up in the dungeon cells of the County jail.*

Hon. John Kerr with a dozen others, we are told, were permitted to board at the Hotel in Graham, the rest, except Messrs. Turner, Wiley, Griffith and perhaps one other, who were imprisoned last night in the jail, were permitted to remain in the Court House.

Our informant knows no reason for this new outrage upon Mr. Turner, Mr. Wiley and Mr. Griffith. He thinks it is possible, that the alledged reason will be, that so many of the people flocked to Graham to manifest their sympathy for them, sending them provisions &c. and expressing their gratification at the near prospect of their release, that Kirk or Bergen, ordered it done. Bergen or Kirk will no doubt say, they expected an attack from the swarming bands of Invisible Ku Klux, but this story no one will believe.

Such an outrage cannot fail to call down upon these lawless men, the condemnation of the whole community. Kirk and Holden would like to have it believed, that Turner, and Wiley and Griffiths, are guilty of some high crime, but the investigation before Judge Brooks to-morrow, will expose the vileness and utter falsehood of these pretences.

JUDGE BROOKS AT SALISBURY.

The U. S. Marshal will to-morrow bring the parties heretofore arrested by order of Governor Holden, before Judge Brooks at Salisbury. This is as we stated several days ago. The Judge intends to give these parties a fair investigation into their alleged offences, nor will he allow the presence of Holden's State troops at Salisbury to intimidate the parties or the people. Every one may rely upon this. The learned counsel for the arrested parties, Messrs. Judge Battle, Gov. Bragg, Gov. Graham and Judge Merrimon, will be on hand. They deserve the warmest thanks of our people for their untiring efforts to protect our citizens against lawless outrages and for their defence of civil liberty. In a matter so serious, involving the personal rights and liberties of the citizen, our people place themselves confidently for protection in the hands of the uncorrupted Bench and Bar.

CHIEF JUSTICE PEARSON.

Judge Pearson failed to come down last night, as at one time he was expected to do, by Holden and his clique. We presume that the late election has proved to be a double cased *refrigerator* to the Judge as it has been to many of his friends in tribulation. Before the election, we regret to say, the Judge was full of bitterness and violence against the citizens who had been outraged by Kirk and Holden. His brain was so much excited on one occasion, that when some one was talking to him of Bergen's hanging up men &c., to extort confession, he exclaimed, we are told, "That's the way to bring the truth out of them! Nothing else will do!" On another occasion it is said he remarked, "These fellows will be made to smell thunder after the election." We judge some body else has *heard* thunder, and it will not surprise us if they *feel* it mixed with lightning before long.

U. S. SENATOR.

A writer in the Charlotte *Democrat* suggests the name of Ex Gov. *Z. B. Vance*, as a suitable man for the U. S. Senate to succeed Gen. Abbott, who says, he has good reason to know, that the disabilities of Gov. Vance will be removed. The *Standard* in noticing the suggestion, thinks that the writer is mistaken in the supposition that his disabilities will be removed.—The *Standard*, no doubt, *hopes* so.

A correspondent from Anson also suggests the name of *A. J. Dargan, Esq.*, of that county.

From various quarters also, the name of Hon. *A. S. Merrimon*, for the position, has been suggested to us. The disabilities of Judge Merrimon and A. J. Dargan, Esq., have been removed.

We notice these suggestions simply as items of news. Among the many able men among us, the lot cannot fall on any one that will not be gratifying to us. We hope however, that the friends of leading Democrats and Conservatives will not exhibit an overweening anxiety for office. The Radicals have disgusted every one with their swarms of office seekers. We should not imitate them, but at the proper time, let every vacant office be filled with our best and truest men. And above all, let us be united and firm.

ACKNOWLEDGMENT.—In behalf of Mr. Turner we take occasion to acknowledge the receipt of numerous letters of sympathy for him and his family, and we return thanks to the writers. The publication of all these letters would show the most lively interest felt for him all over the State, and the appreciation of his services, bold and unwavering, in defence of the rights of his fellow-citizens and welfare of the good old commonwealth.

HARPERS' WEEKLY.

The patronage which the publications of the Harpers of New York, receive in this State and in the South is discreditable to the good sense and self respect of our people. The Harpers have been the most inveterate and constant abusers and libellers of the Southern people, of any Northern publishing House. Their publications are ably edited and attractively printed it is true, but almost weekly, will be found in them the most untruthful and libellous statements and offensive caricatures of the people of North Carolina or of the South. We do not touch their publications, since we became convinced of the malice and perverseness of their publications. The *Standard* to-day, publishes an article from Harpers' *Weekly* which exhibits such ignorance of the real state of affairs and such a palpable design to misrepresent us, as should lead every true man and woman among us, to expel Harpers' publications from their houses.

RIGHT VIEWS.

Among the number of prominent gentlemen of the State invited to attend the celebration of the Conservative victory in Wilmington, the following who could not attend, telegraphed or wrote as follows:

Gov. Graham telegraphed:

"Thanks for your invitation. Congratulations to all good men in their triumph in the election. Moderation in victory. Deliverance from military oppression, from fraud and corruption in legislation. Reform and a return to economy in government. Representation in Congress that is of and in sympathy with the people. Justice to all men, of every complexion, under the Constitution."

Judge Manly wrote:

"Nothing would afford me greater pleasure, for my heart is with you, and in unison with yours, in this momentous crisis."

Gov. Vance says:

"Your dispatch only received to-day after train left, and therefore can't be with you. Judge Shipp is absent. With you joy over our glorious victory."

Judge Howard writes:

"So happy an escape from absolute despotism, so complete a repudiation of our base calumniators, so glorious a return to liberty and good government, surely demand great rejoicings."

Gov. Clark writes:

"In the midst of bayonets and military prisons we have achieved a signal and bloodless victory, with no crime on our hands and no blood on our flag. While we are proud of our people, we may safely trust them in the great contest for civil liberty."

RADICAL KU KLUX OPERATIONS RAMPANT IN PLYMOUTH, N. C.

ED. SENTINEL:—Last night our jail was entered on the outside, the doors unlocked and the prisoners turned at large. One was confined for breaking open a ware house and thieving extensively from one of our prominent merchants, the other for murder.

The Radical report is that Ku Klux hung them but as yet we have no trace of such a result. PHILLAMAQUINE says that voters were needed on Thursday the 4th and they will vote in the district somewhere.

This last is the correct solution of the affair. The jailer is a colored gentleman and several have escaped before under as suspicious circumstances.

The Sheriff of our county is thought to be Conservative in his views though a Republican, but interest or something else prompts him to vote the Radical ticket.

The Sheriff could very easily get a competent white man to take charge of the prison and its inmates, if he were so disposed.

We have now two murderers at large besides many thieves, all colored. One for the murder of young Nichols, a son of one of our most respected citizens, now no more, who left a large family of children fatherless and motherless and very poor, (the result of the war.) He was a gentleman in the true sense of the word, a kind father, affectionate husband and a humane master. A devoted and accomplished mason in good standing (R. A. M.)

Is it not the duty of every good mason to see the unfortunate son of a worthy brother should have full protection by the laws of the land by bringing the guilty party before the bar of justice and his rights fully vindicated. The other murderer is for the murder of one of his own race, a boy.

Whose duty is it to see that proper steps are taken to ferret out and bring the guilty party to justice? Is the Sheriff not the proper officer to do this or have it done? I am informed it is his imperative duty, yet if the Governor has been informed of the murder of young Nicholls and the culprit at large, he has made no official recognition of the fact that I have seen. If the Sheriff has failed to make known the facts, he is the one derelict of his duty.

It is too late now, but let us remember him at a future day. Moral respect for law and order requires at the hands of every good citizen his condemnation, (not only publicly) but at the ballot box, to punish any officer so culpable and negligent of his official duty. The rebuke should be given regardless of politics.

"VIGILANT."

Plymouth, N. C., Aug. 3, 1870.

A glorious revival has been in progress at Klutter's Chapel, in Rutherford Circuit—52 added to the Church, and about 40 conversions.—*Ruth. Star.*

The Asheville *Citizen* says Samuel Honeycutt, Jr., of Yancey county, was drowned in Caney River week before last—the second member of the family who have lost their lives by drowning.—*Rutherford Star.*

WHAT THEY SAY OF IT.

We continue our extracts to day, showing what is thought abroad of the proceedings of Holden and his clique, in outraging and defying law in this State.

An exchange says:

The New York *Tribune* makes some very honest confessions about North Carolina affairs. It says that the Conservative triumph is mainly owing to "the infamous profligacy of the late Legislature." As the negro population is comparatively small, "it is," says the Tribune, "one of the easiest States to be carried by the 'Conservatives;' and her recent legislation afforded the desired opportunity for raising a hue and cry against 'Radical' and 'carpet-bag' incapacity and corruption. North Carolina is a sober, frugal State, and not accustomed to such legislation as that which has run her into debt for the wherewithal to construct several hundred miles of railroads, issuing 'special tax' bonds therefore, but squandered the proceeds, failed to make the railroads and repealed the 'special taxes' so as to cheat impartially taxpayers and bondholders. This rascality in high places has temporarily prostrated the party which was in power when it was enacted, and which therefore, was made to bear the responsibility." And it was to maintain this "rascality in high places" that the miserable pretext of Kuklux outrages was resorted to as a cover for the employment of troops to overawe the voters! That it was a mere pretext is proven not only by what the Tribune disclosed in May but by what it now says of Kirk's summary operations. "If Colonel Kirk," says the Tribune, "has done no other good while comanding the North Carolina militia, he has accomplished much in exposing the weakness and cowardice of the secret political organization of the 'Kuklux Klan,' or White Brotherhood. It is shown that they are few in numbers, and have wielded power and created a terrorism only because of the timidity of those opposing them. This exposure has made the organization appear ridiculous, and instantly its strength is gone."

The Hagerstown, (Md.) *Mail* speaking of Gov. Holden's arrest of Mr. Turner, says:

But violence will not save him now. And the lesson taught by the short history of his defeat cannot fail to be instructive to all not too blind to learn. It is the first step in that reactionary movement which, when fully inaugurated will hurl from their high places many of those upstart officials whose native specific gravity is too great for their elevation. The negroes are not to be relied upon after all; and the white men who have been cajoled into temporary co operation with the blacks, are beginning to sicken of the contact, and grow unruly upon the hands of their rulers. Thus their vaunted progress has been checked. Governor Holden was a progressive spirit too; but he went a little further than the majority of his party have yet dared to go, and, consequently, exploded sooner. It is simply a matter of time with all—Holden only arrived at his goal a little in advance of his companions, but they are all traveling the same road. Thus the lethargic stupor which has palled the conquered States of the South, will vanish from them all, one by one, and again they will resume their wonted leadership in our national counsels.

The New York *Express* says:

In the midst of exciting war news from abroad we must not forget events at home. In North Carolina the Radical Governor is working and attempting revolution and civil war. The illegal arrest of citizens has been carried on to an alarming extent, and to-day many free citizens of the United States are kept in close custody at Yanceyville by Col. Kirk under the order of Gov. Holden. The Northern apologists for these aggressions and invasions are as bad as their principals.

The Philadelphia *Record* says:

The defeat of the extreme Radicals in the old Conservative State of North Carolina is but a precursor to the overthrow of the same power in the whole South. The utter want of principle, the reckless jobbing and involvement in debt of almost every Southern State for the benefit of the unscrupulous adventurers whom circumstances unfortunately placed in power, has become so grave an evil as to almost threaten the continuance of the State government upon any principles of integrity, and has forced all the elements opposed to such plundering jobbery, at the expense of the State, to combine for self-protection.

The New York *Journal of Commerce* speaking of the result in North Carolina and defeat of the carpet bagger, says:

The indignation, if not the blood, of the South is now up, and the carpet bagger hereafter will have to move on with the almost ceaseless march of the Wandering Jew.—That man must be a thorough going partisan who is not glad to throw a shovelfull of earth upon the political coffin of the carpet bagger. He has been the curse of the South during his brief locust-like existence there. He took nothing there but his carpet bag, with its paper contents as aforesaid, his hate of the South and his unscrupulous ambition. He had no interest in southern industry or southern development. He was a messenger of war, and not of peace; or it was out of the disturbances which he spared no effort to foment, and for which he always had at hand the remedy of powder and cold steel, that he expected to profit. It is the carpet bagger, operating with his allies in Congress, who has so long kept peaceful southern States from representation at Washington. He was ready to aid in their re admission only when he was elected Senator or Representative. At the Capitol he is the same evil genius that he is among the people whom he misrepresents. His vote at the last session was generally to be found on the bad side of all political and and financial questions.

For jobs he has the fondness of a mouse for cheese, and was usually detected burrowing away in the centre of every rich contract or franchise. Such is the species carpet bagger—the worst of all the genus politician. We congratulate the South and the country that the fiat of a plundered and indignant people is about to stamp the political life out of the whole odious race.

The Daily *Telegraph*, Toronto, Canada takes the following view of affairs here:

Though the Americans claim that they enjoy a greater freedom than any other people on the face of the earth, the Southern States at the present moment, are groaning under a military despotism worse than the iron handed despotism of Russia. In some of the States civil law is completely crushed out. The only authorities are the military officers; and the only law is the law of force. No man's life is safe for a single day. The liberty of the citizens is no longer recognized, nor are the rights of private property respected. In North Carolina the people are fleeing to the mountains for safety, from a certain Col. Kirk, and the troops under him, who are arresting and imprisoning all upon whom they can lay their hands. In one town in North Carolina, over one hundred persons are held in custody by the military authorities. In view of this state of affairs, a New York contemporary asks—"Is the rebellion crushed out? Or does military despotism rule the land?" If our American cousins see fit to imprison each other, and shoot each other, perhaps it is their own business. But, while these things are done under color of authority, and by men wearing the military uniform of the Government, they have no right to tell their neighbors, that they are the best governed people on the face of the earth.

THE ADVANTAGES OF THE SOUTH TO EMIGRANTS.

We give the following portion of a letter from a gentleman in Wisconsin, who has traveled extensively in the Southern States, and acquainted himself by observation with the physical advantages they offer to the emigrant, and with the feelings, temper and habits of the Southern people.—The letter was written to a gentleman of this city, and not with a view of publication:

"I know from experience that the Southern people are generous, humane and hospitable. The unoccupied lands anywhere near the line of civilization are mostly owned by Railroad Companies or by extensive speculators, and of course it is to their advantage to make as much noise in favor of the *garden of the West*, as is in their power. To sum it up in few words as possible, it is this. Here some of the land is good, and very much of it worthless either for timber, grain or grazing. Warm weather begins in *May* and ends in September, the remaining months are a dead loss, or *nearly* so to farmers. While South we can work *"all the year round."* Your soil is equally good, and climate all that could be asked for by the most fastidious. Enough has been said to convince any one of good sense that the Northwest is, by sights, no place for a *warm hearted white man*, it may do for poor, "*Lo*," but not for me. Our press sends the cry that you are *rebels* because on *Memorial day* you wreathed the graves of your fallen sons with appropriate mementoes. Sir, is it disloyal to remember our dead? Did not those fallen ones have mothers, wives, sisters and friends, the same as others? and were not those *Southern soldiers as dear* to those at home as any one North? And is it a *crime* to be born in the *Sunny South?* Men of the North are of the same brotherhood as you. I was a volunteer in the army of the North, I lost many friends during the war, but I am willing to wreath the *garlands of peace*, and say, "*in death all are alike.*" Friends of the South, or rather friends in the South, it is no crime to honor your fallen sons, but it would be a *positive wrong* to fail in thus remembering them. "*Let us have peace.*" As to crime in the South, if any of the States there of the same population as this can show a larger list of *criminal deeds*, it ought to float off in the ocean. Over forty murders have been committed within our borders in less than *seventeen months*, and during that time only *three* have been *convicted* of murder.

Crime is on the *rampage* here, two men were lynched and two shot in one little city in two days. The man who says that it is not as safe South as here, either does not know what he is talking about, or tells a wilful lie. The men who go South to hurl malignant epithets at you because you failed to believe as we do, and to heap execrations on your fallen sons, are devoid of principle and shall not be allowed the range of any decent society, but should be exiled from the haunts of civilization and be forced to roam eternally in an endless space.—The fact that in the South are no government lands and that it has all been bought up, without any monstrous Railroad subsidies, and land-grants to mammoth corporations show your many advantages, while here every *Congress* donates many millions of acres to these corporations, the West is being "literally swallowed up" by land speculators and moneyed politicians, and to day a poor man would have to travel across the borders of Iowa and Dakota, to find a cheap home, and then suffer the ravages of the Indians. Why any one will listen to the "gob ings of land hawkers," here I do not know. They talk of the West as the *garden of America*, if it is, it surely must be flowered with the Indians "tomahawk and scalping knife, and moistened by the "wandering emigrant's blood. Do not understand me to be running down the North and West, so as to build us up at the South, but it is to show that most all of the "blowing" done about the glorious West, is done through a "dearly bought trumpet."

I have lived in the West for thirteen successive years; I have traveled through twenty-seven different States, and for beauty of face, soil, climate and production, the South is without an equal. Ye frozen hearts of the North, stop a moment and compare your impassable *snow drifts* to *flower beds*, the many rainy days from November until April that you spend in doing nothing but trying to keep warm, to those same days you could spend by working out doors, and in sowing crops.

Raise no more harsh expletives against our brothers of the South, in endeavoring to advertise the beauties of this region of ice.

Kind sir, this poorly written sheet is more of a private letter than anything else, if there is anything in it that will help us by printing, *use it.* What I have written are facts, and the people here will yet see that "Southward the star of empire takes its way" and not Westward.

Yours very respectfully,

O. B. B.

WE know of at least one projected investment of Northern capital, in a Southern enterprise, that has been delayed or mayhap, lost, by Holden's outrage upon the peace and quiet of this State. The enterprise we speak of was to have been located in Wilmington, but, after the war news from North Carolina, the parties declined to risk either their persons or their money in such a country. Our information on this point must be correct as it comes from a leading Republican of this city.—*Wil. Jour.*

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, considerably lower than those of the leading Mutual Cash Companies.

The Excelsior issues Polices on all the plans of *Mutual* or *Stock* Companies, extending to policy holders, all their really desirable advantages. Its policies being *non-forfeiting*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines *all the* popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which a holder can not afford to keep up, or wishes to discontinue, because of the death of those for whose benefit the policy was secured, *into an Annuity Bond* which provides an *income in cash through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, will be cheerfully furnished

The most liberal arrangements, will be made with first class solicitors, to push the Excelsior forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

HISTORY OF HOLDEN'S WAR UPON THE PEOPLE OF NORTH CAROLINA.

We are authorized to say, that a competent gentleman, will, as soon as possible after the Holden war is over, publish in cheap form, an authentic history of the outrages committed upon our citizens, Kirk's and Burgen's doings, a history of the arrested parties and their treatment with all the interesting facts connected with the affair.

GIVE YOUR NAME.—If the writer of the communication of the signature of "A member of the Baptist Church in Caswell," will give us his name, we will publish his communication. Of course we want the name for our own use and not to give any body else.

PICKING TIME IS COMING.—We have seen a cotton limb with two full open bolls on it, taken from a stalk on the farm of Mr. Wm. B. Upchurch, 12 miles from this city. This looks like it is near about time to begin to get the baskets ready for gathering it in.

THE MAILS.—Complaints still come to us in regard to the irregularity of the mails and the nonreception of the SENTINEL by our subscribers.

The Post Office at Auburn seems to be a particularly unfortunate one for our patrons there from some cause or other. It is only nine miles from Raleigh, immediately on the Railroad line, and yet the SENTINEL frequently fails to reach there until two or three days after it starts from Raleigh. A subscriber there to the Daily SENTINEL writes us that his paper of Tuesday, 16th inst., had not arrived up to Thursday afternoon.

Our papers also fail to reach Charlotte in proper time. A subscriber there says he misses at least two papers a week. The same complaint comes from Walnut Cove P. O.

Now, there is one thing certain—our papers are regularly mailed from this office, always in full time for the train, and we can see no cause why they do not reach their destination properly, unless it be from the wilful neglect of those through whose hands they pass. We do not intend to submit quietly to these things any longer, if there be any chance of redress. We still ask to be notified of failures with particulars as to date, &c.

HORTICULTURAL FAIR.—A splendid exhibition of fruits, pears, peaches, apples, grapes, and flowers, raised in the counties of New Hanover, Duplin, Richmond and others, were exhibited at the Horticultural Fair held at Wilmington on Thursday last.

FAYETTEVILLE.—A recent census gives Fayetteville a population of 4,663 or 2,249 whites and 2 214 blacks. There is a voting population of 864. We judge that the popula ion of Fayetteville has decreased.—We regret this. We hope all its Factories will be revived soon, then its population will grow.

COL. J. B. COOK.—It seems our informant was premature concerning that Col. J. B. Cook, of Johnston had left the State for his home in Maine. We have seen the Colonel on the streets of the city since, and presume that our correspondent was too hasty or got the news before the event took place.

GOOD CROPS.—We are pleased to state, that from all parts of the State, the crops of fruit, cotton and corn are very promising. This is additional good news to the recent great triumph of the Conservatives.

The Season of Exhaustion.

The close sultry weather which usually prevails toward the end of summer is particularly unfavorable to the feeble and enervated. Even the well-knit frames of strong men feel the influence of the season, and lassitude and languor prevade the whole community. Ladies, especially those in delicate health, suffer much from debility, occasioned by the humid heat, and feel the want of a wholesome invigorant. In fact, a necessity for something to recruit the exhausted system is experienced, more or less, by everybody, and the only question is, what that something will be. With those who have tested the efficacy of Hostetter's Stomach Bitters on themselves, or have observed its effects on others, the question will not be in doubt for a single moment. Its tonic and regulating operation, and its agency in creating a healthy appetite and promoting digestion, are rightly classed by all who have resorted to this unequalled vegetable invigorant and corrective, among the most extraordinary therapeutic wonders of modern times. It should be taken at this season as a safeguard against the epidemic diseases which are so apt to attack the relaxed system in the fall of the year.

As it is understood that nerve. ary speculators in various parts of the country are endeavoring to supersede the standard tonic of the age with worthless articles manufactured by themselves which they represent to be superior to this long tried remedy, it is proper to put the public on their guard against this species of imposition and to warn them again t the deleterious trash with which dishonorable dealers seek to drench them.

JEEMES.—The *Standard* says that, "this gentleman, James H. Harris," the colored Radical candidate for Congress in this District, "whose name is a house-hold word in North Carolina, bears his recent defeat with that courage which is his first and highest characteristic." We are glad that Jeemes bears it well, but he looks sick and worn. The editor says, if he had a hundred votes he would have cast them all for Harris, if no other white man had voted for him.—We are not at all doubtful that the *Standard* has told the truth for once. We will not call it in question. We know, perhaps, a thousand Conservatives, who if compelled to cast their votes for a Radical, would have preferred a thousand times over, to vote for Harris, rather than the editor or any of his white kin.

CAPT. THOS. J. JARVIS.—This gallant and fearless representative of the people of Tyrrell, we are glad to learn has been re-elected. We are told the most extraordinary efforts were made to defeat him, because of his noble stand in exposing the villainies of the Radicals. He deserves well of his friends.

LISTEN.—We heard a gentleman say recently, that of all places in the world, except a church, for people to assemble to talk and pass away the time in what is generally termed "loafing," a printing office is the last, and we emphatically endorse what the gentleman said.

The following figures show the result of the vote for Senator, in the 38th Senatorial District:

KIRK'S ANCESTRY.

To the Editor of the N. Y. World:

SIR: The spirit of *that* Kirk (the gallant knight of North Carolina) has, I think, lived in another age and land, and, if possible, with an intensity even more wonderful. After the Duke of Monmouth had made his sadly foolish invasion of England and suffered a complete defeat at Sedgemoor, King James II. appointed, among others, one Colonel Kirke to look after the Duke's deluded followers and unmitigated rebels. That he did his duty faithfully and conscientiously would appear from history. Hume (VI., 297) thus records:

"At his (Kirke's) first entry into Bridgewater he hanged nineteen prisoners without the least inquiry into the merits of their cause. As if to make sport with death, he ordered a certain number to be executed while he and his company should drink the King's health, or the Queen's, or that of Chief Justice Jeffries. Observing their feet to quiver in the agonies of death, he cried that he would give them music to their dancing, and he immediately commanded the drums to beat and the trumpets to sound. By way of experiment, he ordered one man to be hung up three times, questioning him at each interval whether he repented of his crime; but the man obstinately asserted that, notwithstanding the past, he still would willingly engage in the same cause. Kirke ordered him to be hung in chains. [Here follows a recital worthy of *our* Kirk, but unfit for publication.] All the inhabitants of the country, innocent as well as guilty, were exposed to the ravages of this barbarian. The soldiery were let loose to live at free quarters; and his own regiment, instructed by his example, and encouraged by his exhortations, distinguished themselves in a particular manner by their outrages. By way of pleasantry he used to call them *his lambs* (old English for the modern "Heaven's wards.")

If, Mr. Editor, you could look up the ancestral line, I think you would be able to reconcile Kirke, of A. D. 1685, with Kirk of A. D. 1870, establish Galton's theory of "Hereditary Genius," and show to a maudlin world that the chieftain of North Carolina, of Holden, and of Grant, has a *constitutional* right to arrest, imprison, nay, torture and hang by the thumbs, our fierce rebels of Alamance.

JEFFRIES.

Springfield, N. J., August 10, 1870.

ANOTHER HOLDEN—SOUTH CAROLINA.

General Butler, of South Carolina, a man of character, standing and integrity has preferred certain charges against Robert K. Scott the Radical Governor of that State, which that functionary must meet and refute, or he will become utterly infamous. Here is the indictment:

I charge that R. K. Scott has violated that well established and acknowledged principle of law which prohibits a trustee from speculating with the funds of his trust estate for his own personal aggrandizement.

I charge that he has inf sted this State with paid spies from abroad, reeking with hatred to our people, and established a system of espionage dangerous to public liberty and free institutions.

I charge that he pays these spies with your money, under the pretence that they are p ace officers, when they are simply his political partisans, and engaged in stirring up strife among our people.

I charge that he connived at, if he is not implicated in, the murder of citizens of South Carolina for political effect.

I charge that he has violated the law of his own creation, or of the law of the creation of his own party, by not requiring the Land Commissioner to make a report of his operations, and in not requiring a report from his Financial Agent.

I charge that he has defrauded the State of large sums of money as one of the Advisory Board of the Land Commission, by converting to his own use money appropriated to buy homesteads for the homeless.

I charge that under his administration the public debt has been trebled; taxation b.c me burdensome beyond sufferance; immigration prevented; the resources of the State dormant and public education neglected.

I charge that he has encouraged violence, fomented discord between the whites and colored people for political effect, and defeated the ends of justice in his improper exercise of the pardoning power.

I charge that he has discharged the duties of his high office, not for the good of the whole people, but with an eye singly to his preferment, political and pecuniary. That he has misrepresented abroad the good people of the commonwealth, and attempted to bring odium upon their fair name.

I charge, that shortly precedent to the last Presidential election, Governor Scott said to General Hampton, and two other gentlemen, that he not only wished the State to vote Democratic, but would use his influence to that end; and that he was tired of the negroes and would make enough of them resign their seats in the Legislature, so as to give the white men a majority in that body.

This man, Scott, thus covered with crimes from head to foot, has been renominated by the negroes and carpet-baggers for Governor and respectable men are asked to support him at the polls.

TELEGRAPHIC.

Tuesday Night Dispatches.

WASHINGTON.

WASHINGTON, August 16.—American war vessels have been ordered to the Rio to protect American interests, but to observe the rules of the blockade.

Nothing official regarding reported battles.

There is a delegation here from North Carolina, headed by George M. Arnold, negro, to confer with leading Republicans in regard to the disasters in that State. They will visit Kelly of Pennsylvania and Butler of Massachusetts.

The Congressional Printer, Clapp, has placed a woman at the case.

OHIO.

CINCINNATI, August 16.—The National Labor Convention admitted Samuel T. Carsey to a seat. A motion admitting John M. Langston, colored, was made. A stormy time followed. It was objected that Langston did everything he could to injure the labor movement. Finally he was admitted, three or four ladies voting aye.

SOUTH CAROLINA.

CHARLESTON, August 16.—Hon. James L. Orr, has published a letter announcing his adhesion to the Republican party in South Carolina. He urges that for many years to come that party must control the State, and that opposition to it will only augment and perpetuate the existing evils.

VIRGINIA.

PORTRESS MONROE, August 16.—Rear Admiral S. P. Lee, arrived here this morning from Washington and relieved Rear Admiral Chas H. Poor, who has retired in command of the North Atlantic fleet. He was received with the customary salute from the flagship "Severn."

GEORGIA.

ATLANTA, August 16.—In the House a motion to purchase the Opera House was tabled.

The State Agricultural Convention met to-day; attendance large from all parts of the State; nothing important except adhesion to the Constitution. The city is crowded with delegates to the Democratic Convention, which meets to-morrow.

AUGUSTA, August 16.—A bale of new cotton weighing 580 pounds classed middling, received to-day, is the first of the season.

FOREIGN.

PARIS, August 16.—The Prefect of Meuse telegraphs the Minister of the Interior that the Uhlands have been seen in the neighborhood of Commercy marching towards Bar le Duce. The Prefect cut the railways in that section to impede the progress of the enemy.

The French journals complain of the brevity of the dispatches from the seat of war. Even the *Constitutionel*, semi-official, says the information is not precise regarding the position of either army.

VIENNA, August 16.—Baron Von Beust denies any attempt on his part to mediate between France and Prussia.

LONDON, August 16.—Prussian dispatches to the Prussian Minister here are full of triumph and express great confidence in an early result of the war.

The French left two dispatch boats in the Tiber, upon evacuating Rome.

Extracts from French official bulletins state that the Prussians are not in force before Strasbourg.

Bitche still holds out. The bridges at Forgeisheim and Basle were destroyed by the enemy.

English experiments with the mitrailleuse indicate them destructive at close quarters, but the troops handling them may be annihilated before they come in range.

The *Times* sympathises strongly with the Prussians, and rejoices in the Prussian success.

It is reported that the Bavarians have captured Marsal with sixty cannon.

VERDUN, August 16, 6 a. m.—No news from Metz, nothing has occurred to-day.

All day yesterday cannon was heard between Metz and Verdun. Persons from that direction say a great battle has been fought. The Prussians lost more than 40,000 and were completely defeated. During yesterday morning at the extremity of Very arrondissment, twenty-eight kilometres from the fortifications of Verdun, the enemy had been seen directing his retreat South. Signed, Prefect of Verdun.

It is thought this is transmitted by authority; the government not being able to verify it and it is given to the public under reserve by the Minister of the Interior.

The Bishop of Luxemburg and several clergymen have gone to Metz to comfort the dying.

Wednesday Evening Dispatches.

WASHINGTON.

WASHINGTON, August 17.—Nothing reliable from the armies. The impression is strong that the Prussians failed to break the communications of the army with Paris.

PENNSYLVANIA.

PHILADELPHIA, August 17.—The Mayor officially denies the presence of yellow fever in that city.

VIRGINIA.

NORFOLK, August 17.—The Board of Health have rescinded the order requiring vessels arriving from Philadelphia to be quarantined.

FOREIGN.

Prussian official reports that the battle of the 14th shows that the Prussians believing the French to be under the walls of Metz were about retreating, attacked them; a fierce conflict ensued; the French were driven within the walls. Prussian reconnoissance next day to Kouli; the vision was obscured by clouds of dust, from which it was inferred the French had accomplished their retreat.

PARIS, August 17, 5 a. m.—The *Journal Officiale* has nothing of the great battle. The *Gaulois* says, important and satisfactory dispatches have been received, but frowns insists upon secrecy.

LONDON, August 17.—The garrison at Strasburg made a sortie and were driven back with heavy loss of men and three cannon. The Empress has made application to the Belgian government for permission to traverse Belgium for England. The *Post* says the telegraph wires have been cut in the rear of Prussians. The fighting seems to be good for the week without a decisive result. The French are ready to fight till the end.

CHOLERA.
HOW TO CURE IT.
At the commencement of the Diarrhœa, which always precedes an attack of the Cholera, take a teaspoonful of the Pain Killer in sugar and water, (hot, if convenient,) and then bathe freely the stomach and bowels with the Pain Killer also. Should the diarrhœa or cramps continue, repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a time.

The Pain Killer, as an internal remedy, has no equal. In cases of Cholera, Summer Complaints, Dysepsia, Dysentery, Asthma, cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache, don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle.

The Pain Killer is sold by all dealers in Medicines.

Prices, 25 cents, 50 cents and $1 per bottle.

THE EQUITABLE
HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (cash received), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY CEASE ADDING TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One Hundred Dollars paid in dividends at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with the General Agents.

We honestly think two boxes of Mehegan's Bankers might be induced to influence even Grant to compassion in regard to the suffering Cubans.

THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
